

# THE ZEBRA DSD/ROUTE ACCOUNTING MOBILE COMPUTING PORTFOLIO

# THE ZEBRA DSD/ROUTE ACCOUNTING MOBILE COMPUTING PORTFOLIO

Regardless of how simple or complex your DSD/route accounting applications are or how demanding the environment is, there is a Zebra mobile computer to meet your needs — from a durable tablet to rugged compact and full size mobile computers.

<b>USER AND APPLICATION CONSIDERATIONS</b>				
<b>Data capture</b>	1D/2D; front and rear camera; photos/video; signature/document capture; GPS	1D/2D; photos/video; signature/document capture; GPS	1D/2D; front and rear camera; photos/video; signature/document capture; NFC; GPS	1D/2D, photos/video; signature capture; GPS
<b>Weight</b>	1.45 lbs./66 kg	7.8 oz./220 g	13.3 oz./376 g	8.73 oz./247.4 g
<b>Display</b>	7 in. with Corning® Gorilla® Glass	4.3 in. WVGA with Corning® Gorilla® Glass 2	4.7 in. HD with Corning® Gorilla® Glass	3.2 in. QVGA
<b>Processor</b>	Dual core 1 GHz	Dual core 1.5 GHz	Dual core 1.7 GHz	600 MHz (multi-CPU)
<b>Keypads</b>	Virtual; Bluetooth	On-screen	On-screen	26-key numeric
<b>Extra security features</b>	Automatic encrypt data on internal drive and/or removable media			FIPS 140-2
<b>Rugged Design</b>				
<b>Drop tested</b>	4 ft./1.2 m (per MIL-STD 810G)	4 ft./1.2 m (per MIL-STD 810G) 6 ft./1.8 m to concrete with protective boot	8 ft./2.4 m at room temp.; 6 ft./1.8 m over the operating temp. range	5 ft./1.5 m (per MIL-STD 810G)
<b>Tumble tested</b>		•	•	•
<b>Sealing</b>	IP54	IP67	IP67	IP64
<b>Operating Temperature</b>	32° F to 122° F/ 0° C to 50° C	14° F to 122° F/ -10° C to 50° C	-4° F to 122° F/ -20° C to 50° C	14° F to 122° F/ -10° C to 50° C
<b>Vertical market requirements</b>				
<b>Trigger handle</b>			•	•
<b>Mobile payment</b>	Snap-on MSR, Bluetooth MPM-100	Works with Bluetooth MPM-100 and other third party payment card readers	Works with Bluetooth MPM-100 and other third party payment card readers	Bluetooth MPM-100
<b>DEX cable</b>				•
<b>Wearable ring style scanners for hands-free scanning</b>	•	•	•	•
<b>Centralized management and security</b>				
<b>Management</b>	Compatible with the Zebra Mobility Suite, which includes: Mobility Services Platform for centralized remote control of your Zebra and non-Zebra mobile devices and peripherals; the Mobile Security Suite, which allows you to add whatever degree of device-level security your business requires — from a firewall to intrusion prevention, enforced authentication, data encryption, mobile VPNs for government grade security and more; App Center which allows you to choose which device features and software applications your users can access; PocketBrowser for rapid and easy development of new applications that incorporate all the data capture features on your Zebra devices; and Terminal Emulation, which allows users to access mainframe applications right out of the box.			
<b>Service plans</b>				
<b>Service</b>	Service from the Start with Comprehensive Coverage — a unique all-inclusive program that sets the standard for post-deployment support by including normal wear and tear, as well as coverage for internal and external components damaged through accidental breakage — significantly reducing your unforeseen repair expenses.

## ABOUT ZEBRA

**Zebra Technologies Corporation** is a global leader respected for innovation and reliability. Zebra offers an extensive range of asset-tracking technologies incorporating mobile computing, data capture, barcode, wireless LAN, RFID, location systems and Zatar™, the cloud-based Internet of Things (IoT) platform. These technologies make businesses as smart and connected as the world we live in. Zebra's tracking and visibility solutions transform the physical to digital, creating the data streams businesses need in order to simplify operations, know more about their business, and empower their mobile workforce.

Zebra's products and solutions are used around the world by industries including healthcare, retail, transportation and logistics, manufacturing and sports—for a variety of applications from improving patient safety; to eliminating checkout lines with mobile devices; to streamlining warehouse operations and adding a new dimension to professional sports and entertainment with real-time information.
